NOW THEREFORE, IN CONSIDERATION OF THE FOREGOING, THE PARTIES HERETO HEREBY AGREE AS FOLLOWS:

I. Basic Principles

1. Entrustment of Organization of the Games

The IOC hereby entrusts the organization of the Games to the City and the NOC which undertake to fulfil their obligations in full compliance with the provisions of the Olympic Charter and this Contract, including, without limitation, all matters contained in the documents referred to in this Contract, which, for greater certainty, are deemed to form an integral part of this Contract.

2. Formation of the Organizing Committee of the Games

The City and the NOC shall, not later than five months following the execution of this Contract, form the OCOG. The OCOG shall be formed as a legal entity under the laws of the Host Country, in a manner which provides for maximum benefit and efficiency with respect to its operations and its rights and obligations under this Contract, including a tax structure which most favourably enables the OCOG to address tax issues on a national and international basis. All agreements and constituting documents relating to the incorporation and existence of the OCOG shall be submitted to the IOC for its prior written approval. Any subsequent changes thereto shall also be submitted to the IOC for its prior written approval. The OCOG shall include, among the members of its board of directors and executive committee, the IOC member or members in the Host Country, the President and the Secretary General of the NOC, an athlete having competed in the previous edition of the Olympic Winter Games or the Games of the Olympiad and at least one member representing, and designated by, the City.
3. OCOG to be Made a Party to this Contract

The City and the NOC hereby undertake, within one month after the OCOG's formation, to cause the OCOG to intervene as a party and adhere to this Contract to the effect that all of the terms and conditions of this Contract relating to the OCOG and all the rights and obligations of the OCOG provided for in this Contract shall be legally binding upon the OCOG as if it were a party hereto, and to forward to the IOC written confirmation thereof.

4. Joint and Several Obligations of the City, the NOC and the OCOG

The City, the NOC and the OCOG shall be jointly and severally liable for all commitments entered into individually or collectively concerning the planning, organization and staging of the Games, including for all obligations deriving from this Contract, excluding the financial responsibility for the planning, organization and staging of the Games, which shall be entirely assumed, jointly and severally, by the City and the OCOG. This shall be without prejudice to the liability of any other party, including any financial guarantees provided by the national, regional or local authorities, during the City's application or candidacy to host the Games. To this effect, the IOC may take legal action against the City, the NOC and/or the OCOG, as the IOC deems fit.

5. Ensuring Respect of Commitments Undertaken by Government and other Authorities

The City, the NOC and the OCOG shall ensure that the Government, as well as their regional and local authorities, honour all commitments undertaken by the Government and such authorities in relation to the planning, organization and staging of the Games, including free access into the Host Country for accredited persons on the basis of a passport (or equivalent document) and the Olympic identity and accreditation card referred to in the Olympic Charter, and including financial and other support such as the provision of public services, facilities and utilities in relation to the Games. The City, the NOC and the OCOG hereby guarantee that all other cities that are hosting events of the Games, shall fully perform and comply with the terms and conditions of this Contract, and shall carry out their obligations related thereto under the supervision and control of the OCOG.

6. Evolution of Contents of Technical Manuals, Guidelines and Other Directions

The City, the NOC and the OCOG recognize that, while the contents of the technical manuals, guidelines and other directions which are contained in this Contract represent the current position of the IOC on such matters, such material may evolve as a result of technological and other changes, some of which may be beyond the control of the parties to this Contract. The IOC reserves the right to amend such technical manuals, guidelines and other directions. It is the responsibility of the City, the NOC and the OCOG to adapt to such amendments so that the Games will be organized in the best possible manner.

7. Representations, Statements and Other Commitments shall be Binding

All representations, statements and other commitments contained in the City's application or candidacy file as well as all other commitments made, either in writing or orally, by the City's application or Candidature Committee, the City, the national, regional or local authorities or the NOC to the IOC, including those made to the IOC's 117th Session in Singapore, shall be binding upon the City, the NOC and the OCOG, as the case may be, unless agreed otherwise by the IOC in writing.
8. Prior Agreements of No Effect

The City and the NOC hereby declare and agree that any undertaking or agreement concluded, approved or consented to by either of them, or by the City's Candidature Committee, prior to the execution of this Contract and having any connection whatsoever with the Games shall, as regards the application and implementation of this Contract, be null, void and entirely without effect, unless specifically requested and/or approved in writing by the IOC. The City and the NOC represent and warrant that they have brought to the attention of the IOC all such agreements and undertakings prior to the signature of this Contract. The City and the NOC shall be jointly and severally responsible in respect of all damages, costs and liabilities of any nature, direct and indirect, which may result from a breach of this provision.

9. Indemnification and Waiver of Claims Against the IOC

The City, the NOC and the OCOG undertake to indemnify, hold harmless and exempt the IOC, its officers, members, directors, employees, consultants, agents, contractors (e.g. Olympic sponsors, suppliers, licensees and broadcasters) and other representatives, from all payments and other obligations in respect of any damages suffered by the IOC, including all costs, loss of revenue, and also damages that the IOC may have to pay to third parties (including but not limited to Olympic sponsors, suppliers, licensees and broadcasters) resulting from all acts or omissions of the City, the NOC and/or the OCOG and their respective officers, members, directors, employees, consultants, agents, contractors and other representatives relating to the Games. No admission of liability will be made by the IOC for damages to be paid to third parties. In such a case, the IOC shall permit the City, the NOC and/or the OCOG to manage the defence of the claim made by such third party against the IOC provided that the City, the NOC and/or the OCOG acknowledge(s) (i) the need for continued participation of the IOC in such a claim, (ii) that the IOC may decide, at its sole reasonable discretion and without this affecting the City’s, the NOC’s and/or the OCOG’s obligations hereunder, not to pursue and/or implement the strategy recommended by the City, the NOC and/or the OCOG for such a defence if the IOC considers that such strategy may materially and adversely affect the interests of the IOC. In relation thereto, the IOC may call the City, the NOC and the OCOG before any court of law where the IOC is sued, irrespective of the arbitration clause provided for in Section 72 of this Contract. Furthermore, the City, the NOC and the OCOG hereby waive any claim against the IOC, its officers, members, directors, employees, consultants, agents and other representatives, for any damages, including all costs, resulting from all acts or omissions of the IOC relating to the Games, as well as in the event of any performance, non-performance, violation or termination of this Contract. This indemnification and waiver shall not apply to wilful misconduct or gross negligence by the IOC.
10. Finance-Related Agreements between the City and/or the NOC and/or the OCOG

All agreements entered into between the City and/or the NOC and/or the OCOG relating to or having any effect upon their financial responsibility with respect to the Games shall be submitted to the IOC for its prior written approval. The NOC’s share of the Joint Marketing Programme Revenues, as such term is defined in the Joint Marketing Programme Agreement referred to in Paragraph (a) of Section 48 below, shall be consistent with what the NOC would have generated should the Games not have been held in the Host Country, but in no case shall exceed ten percent (10%) of the Joint Marketing Programme Revenues. However, should the Games generate a surplus, the NOC shall share in such surplus as provided for in Section 43 of this Contract.

11. Olympic Identity and Accreditation Card

The Olympic identity and accreditation card is a document which confers on its holder the right to take part in the Games. All matters relating to the Olympic identity and accreditation card, including the categories and related privileges as well as the terms upon which it is issued or withdrawn, are at the sole discretion of the IOC. Further details regarding the Olympic identity and accreditation card are contained in the “Technical Manual on Accreditation and Entries at the Olympic Games – User’s Guide”, which forms an integral part of this Contract.

12. Working in the Host Country on Olympic-related Business

The Olympic identity and accreditation card shall confer on its holder the right to work in the Host Country on Olympic-related business, without the need to obtain a work permit in the Host Country, from at least 120 days before the Opening Ceremony of the Games until 60 days after the conclusion of the Games. For the sake of clarity, all accredited persons shall be exempt from any limitations or restrictions with respect to labour rules (e.g. wage and hour rules) of the Host Country with respect to Olympic-related business carried out by them during this period, it being understood that many such persons are specialists in their respective fields (e.g. persons working for the broadcast right holders) who may not be able to be sourced within the Host Country.
13. Entry
Formalities for
Certain
Personnel,
Goods and
Animals
The City, the NOC and the OCOG recognize that, in relation to the organization of the Games, it will be necessary to arrange for the temporary entry, before, during and after the Games, of certain personnel (in addition to those persons in possession of the Olympic identity and accreditation card referred to in Section 11 above) into the Host Country and for the importation of animals (e.g. horses and guide dogs), equipment and supplies for purposes of the Games, the broadcast of the Games and for the use of the IOC, the IFs, the delegations of the participating National Olympic Committees, the media and sponsors/suppliers/licensees. The OCOG shall cause all necessary steps to that effect to be taken by the appropriate authorities. Without limiting the generality of the foregoing, the OCOG shall ensure that such personnel are able to obtain appropriate work permits, in an expedited and simplified manner, and that all such animals, equipment and supplies, including medical supplies, can enter the Host Country for such purposes, without any duties, customs, taxes or similar charges being payable in the Host Country, provided that such animals, equipment and supplies are either consumed in the Host Country, disposed of (other than by sale) or exported within a reasonable time following the conclusion of the Games. The presence of the above-noted personnel in the Host Country for the purposes of the Games shall not be deemed to create a permanent establishment under the laws of the Host Country. Not later than three years before the Opening Ceremony of the Games, the OCOG shall submit to the IOC, for its prior written approval, the arrangements it has made to this effect with the appropriate authorities in the Host Country.

14. Rights and
Benefits
Provided by IOC
to OCOG and
NOC
a) In consideration of the City, the NOC and the OCOG fully performing and complying with their obligations contained in this Contract, including them respecting the timelines and milestones contained in the master schedule of the Games, and in order to assist the City, the NOC and the OCOG to plan, organize and stage the Games on their own behalf as contemplated in this Contract, the IOC hereby agrees to provide the following payments to the OCOG. It is understood that such payments are not to be construed as an assignment or transfer of rights from the IOC to the OCOG:

i) The IOC shall provide to the OCOG a share of the net revenues from the international Olympic marketing programme. Such share shall be determined by the IOC at its sole discretion;

ii) The IOC shall provide to the OCOG a share of the revenues from agreements relating to all forms of broadcasting of the Games. Such share shall be determined by the IOC at its sole discretion; and

i) ninety-two and a half percent (92.5%) of the value of the cash consideration, and ninety-five percent (95%) of the value of the value-in-kind consideration (goods and services), of all gross revenues derived from the use of the emblem and mascot, as provided in Paragraph (d) of Section 48 of this Contract;

c) In order to help ensure the success of the Games, the IOC may, at its cost, provide the OCOG with other benefits in order to assist the OCOG in relation to the planning, organising and staging of the Games.

d) The IOC entitles the OCOG and the NOC to retain eighty percent (80%) of any surplus resulting from the celebration of the Games, to be divided among them as provided in Section 43 of this Contract.

As a condition for the IOC agreeing to the above, the OCOG will be required to provide to the IOC, in advance of the IOC sharing any revenues with the OCOG, a standby letter(s) of credit, or some other form of security acceptable to the IOC, which is linked to the successful planning, organizing and staging of the Games. This security will be established in order to cover any advances or payments made by the IOC to the OCOG pursuant to this Contract.

The rights and benefits granted by the IOC pursuant to this Contract shall, unless otherwise stated in this Contract, expire on 31st December 2012.

All rights and benefits not expressly granted by the IOC to the City, the NOC and the OCOG are hereby reserved by and to the IOC.
15. Responsibility for the Organization of an IOC Session and Other Meetings

The City and the OCOG shall be responsible for organizing various IOC meetings in the period leading up to, and during the Games including the IOC Session. Upon the occasion of all meetings convened at the request of the IOC from the time of signature of this Contract until at least three days after the Closing Ceremony of the Games, the City and the OCOG shall abide by the "Technical Manual on Organising Meetings", which forms an integral part of this Contract.

II. Principles of Planning, Organising and Staging

The City, the NOC and the OCOG hereby agree to and confirm the following:

a) that the legal validity and effectiveness of all the agreements entered into by them, directly or indirectly concerning the Games or the IOC’s moral or material rights, are subject to the prior written approval of the IOC; and

b) that, based upon standard form agreements to be provided to the OCOG by the IOC (e.g. with respect to sponsorship, suppliership, licensing, sale of Olympic coins in the territory of the National Olympic Committees, ticket agents), the OCOG shall establish and submit to the IOC for its prior written approval, standard form agreements to be executed between the OCOG and third parties and ensure that all agreements that it enters into with third parties comply therewith. Any changes to the standard form agreements must be submitted, in marked-up form, to the IOC for its prior written approval.

The IOC will consult with the OCOG, upon the latter's request, to agree upon areas in which the IOC may be prepared to establish and implement operational procedures for their mutual convenience, including types of agreements with respect to which the IOC may agree to waive its rights of approval.
18. Promoting Olympism and the Games, Press Releases

b) that the City shall not use the Games to serve any purpose other than the interests of the Olympic Movement;

c) that no agreements shall be entered into, having any connection with the Games, between the OCOG and any national organization (whether governmental or non-governmental), without the prior written approval of the IOC;

d) that no negotiations shall take place nor agreements be entered into, having any connection with the Games, between the OCOG and any international or supranational organization (whether governmental or non-governmental), or foreign state, without the prior written approval of the IOC; and

e) that no invitations or accreditations shall be issued, having any connection with the Games, to any foreign governmental or political personalities without the prior written approval of the IOC.

All aspects of transport shall be subject to the prior written approval of the IOC.
The payment of the travel expenses, in economy class, of the team delegations of the National Olympic Committees (i.e. the duly qualified and accredited competitors and the accredited team officials and other team personnel entitled to stay in the Olympic Village), to the City from the capital city or main airport designated by each National Olympic Committee, by direct route, shall be borne by the OCOG.

The payment of the travel expenses, in economy class, of the international judges, referees and other technical officials, including the persons on the juries of appeal of the respective IFs, within the total number adopted by the IOC upon proposal of the IF concerned, to the City from their countries of residence, shall be borne by the OCOG. The OCOG shall also pay the travel costs, within the Host Country, of the national judges, referees and other technical officials.

In addition, the OCOG shall abide by the terms and conditions regarding transport set forth in the “Technical Manual on Transport”, which forms an integral part of this Contract.

No Olympic venues, or major access points leading to Olympic venues, shall be encumbered during the period of the Games by any franchise, concession or any other commercial agreement, including the right to name the venue to promote any third party or third party’s products or services, that would conflict with or cause a breach of any agreement entered into by the IOC or the OCOG.

The City, the NOC and the OCOG shall ensure that no propaganda or advertising is placed within the Olympic venues or outside the Olympic venues in such a manner so as to be within the view of the television cameras covering the sports at the Games or of the spectators watching the sports at the Games. Also, the City, the NOC and the
OCOG shall ensure that no propaganda or advertising is allowed in the airspace over the City and other cities and venues hosting Olympic events, during the actual period of the Games plus the two week period leading up to the Games.

This Marketing Plan Agreement shall address all elements of the marketing plan in relation to the Games as developed in conjunction with the IOC and shall be subject to the prior written approval of the IOC. The City, the NOC and the OCOG shall not participate, and the OCOG shall ensure that the Government and its regional and local authorities do not participate, in any marketing programme relating to the Games, directly or indirectly, other than as expressly permitted by this Marketing Plan Agreement.

prevention of ambush marketing activities and the taking of legal recourse, if appropriate), to prevent and/or terminate any ambush marketing or any unauthorized use of Olympic properties. The OCOG shall present the IOC with a detailed ambush prevention plan, in accordance with the terms of the Marketing Plan Agreement and the "Technical Manual on Brand Protection", which forms an integral part of this Contract.

Without restricting the generality of the foregoing, the City, the NOC and the OCOG shall ensure that there are no other marketing, advertising or promotional programmes in the Host Country, the activities of which will have any impact on the marketing programmes relating to the Games. For example, they shall ensure that no marketing, advertising or promotional programmes organized by one or more national federations, the National Paralympic Committee, sports organizations or any other public or private entity in the Host Country shall refer to the Games, any Olympic team or the year of the Games, or imply any connection with the Games, any Olympic team or the year of the Games. The City shall ensure that no sponsorship or marketing rights identified with the City, any of its agencies, agents or any body of which it may form part of or on which it is represented, the Games or the period in which the Games will be held, shall be granted without the prior written approval of the IOC.

d) **Payments to the IOC**: Subject to Paragraphs (e) and (f) below, the IOC shall receive, from the gross contracted amount, seven and a half percent (7.5%) of the value of the cash consideration of all contracts pertaining to the marketing plan and the Joint Marketing Programme or containing any element of commercial exploitation of the emblem, mascot or designations of the Games or relating to the Games in any way, including but not limited to revenues from the sale of admission tickets, and five percent (5%) of the value of the consideration of all contracts which provide for value-in-kind or other forms of consideration (e.g. goods or services) to be supplied in return for, or in connection with which, any advertising, promotional or other rights are granted or permitted. It is understood that this also applies to the NOC’s share of the Joint Marketing Programme.

e) **International Programme, Worldwide Suppliership Programme and Worldwide Licensing Programme**: In consideration of the importance to the Olympic Movement of long term Olympic sponsorship, the City, the NOC and the OCOG acknowledge and agree that the IOC may initiate and implement an international Olympic marketing programme (the "International Programme"), a worldwide suppliership programme and a worldwide licensing programme relating to the Games, which will take precedence over all other marketing programmes. The City, the NOC and the OCOG undertake to fully participate in such International Programme, worldwide suppliership programme and worldwide licensing programme and to procure all such rights, and abide by the obligations, as set out in the IOC Marketing Guidelines contained in the "Technical Manual on Other Olympic Games Matters", which forms an integral part of this Contract, with a view to facilitating the sponsors of the International Programme, worldwide suppliers and worldwide licensees to achieve their goals and commercial objectives in the Host Country. Pursuant to its obligation to fully participate in the International Programme, the OCOG undertakes to satisfy any
and all of its requirements for products and services falling into the product/service categories of sponsors of the International Programme from the respective sponsor of the International Programme. The provisions of Paragraph (d) above shall not apply to product and service categories included in and forming part of the International Programme. The management costs of the International Programme, the worldwide suppliership programme and the worldwide licensing programme shall be deducted from the International Programme, worldwide suppliership programme and worldwide licensing programme gross receipts before the division of revenues, to cover costs related to the general marketing support provided by the IOC or by a third party designated by the IOC. Fees in addition to the payments to the IOC referred to in Paragraph (d) above and the management costs mentioned in this Paragraph may be charged by the IOC at its discretion taking into consideration the additional services required to ensure the successful delivery of the OCOG’s domestic programme, the International Programme, the worldwide suppliership programme or the worldwide licensing programme.

f) **Coin and Banknote Programmes of Host Country**: The Olympic coin and banknote programmes of the Host Country, including the number and type of coins and banknotes included in such programmes, shall be subject to the prior written approval of the IOC. The IOC’s share of revenue from any Olympic coin and banknote programmes of the Host Country shall be three percent (3%) of the face value of coins and banknotes from the circulating programme and three percent (3%) from the commemorative programme of the price to dealers of all coins, FOB Mint, where the Mint has no retail operations (and if the Mint has retail operations, three percent (3%) of the retail price). The detailed financial terms of the coin and banknote programmes shall be in accordance with the Marketing Plan Agreement. The provisions of Paragraph (d) above shall not apply to the coin and banknote programmes of the Host Country.

g) **Stamp Programmes of Host Country**: The Olympic stamp programmes of the Host Country, including all philatelic items included in such programmes, shall be subject to the prior written approval of the IOC. The IOC’s share of revenues from all Olympic stamp programmes of the Host Country shall be in accordance with Paragraph (d) of Section 48 above. The detailed financial terms of the Olympic stamp programmes shall be in accordance with the Marketing Plan Agreement.

h) **IOC Coin, Banknote, Stamp and Medal Programmes**: The City and the NOC hereby acknowledge that the IOC has the right to introduce its own coin, banknote, stamp and medal programmes and confirm that no objection shall be taken to such programmes and that such coins, banknotes, stamp and medals may be sold in the territory of the NOC on the same terms and conditions as in other countries. The IOC, the NOC and the OCOG shall exercise complete cooperation with regard to their respective coin, banknote, stamp and medal programmes.

i) **On-Screen Identification**: Any consideration generated from on-screen or other broadcast identification/exposure shall be shared between the IOC and the OCOG, as set forth in Paragraph (a) (iii) of Section 14 above.
49. Taxes

a) Payments to be received by the IOC or certain third parties: The City and/or the OCOG shall bear all taxes, including direct and indirect taxes, whether they be withholding taxes, customs duties, value added taxes or any other indirect taxes, whether present or future, due in any jurisdiction on a payment to be made to the IOC or any third party owned and/or controlled by the IOC, including Olympic Broadcasting Services and Meridian Management SA, with respect to the revenues generated in relation to the Games. In particular, if a withholding tax, a value added tax or any other indirect tax is due to the Host Country, to Switzerland or to any other jurisdiction on a payment to be received by the IOC or any of the above-noted third parties pursuant to this Contract and/or pursuant to an agreement with an Olympic sponsor, broadcaster or other commercial partner, the payment shall be increased and paid by the OCOG so that the IOC or such third party, after the applicable tax, receives an amount that equals the amount it would have received had there been no such tax. The City and/or the OCOG shall indemnify the IOC or such third party for any direct taxes and/or indirect taxes that could be borne by the IOC or such third party in the Host Country, so that if the IOC or such third party is liable for the payment of direct taxes and/or indirect taxes in the Host Country, it shall be put in the same situation as if such direct and/or indirect taxes had not been due.

b) Payments to be made by the IOC or certain third parties: The City and/or the OCOG shall bear all taxes, whether they be withholding taxes, customs duties, value added taxes or any other indirect taxes, whether present or future, due in any jurisdiction on a payment to be made by the IOC or any third party owned and/or controlled by the IOC, including without limitation Olympic Broadcasting Services and Meridian Management SA, with respect to the revenues generated in relation to the Games, including without limitation pursuant to any agreement with an Olympic sponsor, supplier, licensee, broadcaster or other commercial partner. The amount of a payment to be made by the IOC or any of the above-noted third parties pursuant to this Contract shall not be increased by any taxes due on such payment. If the IOC or such third party is liable for the payment of such tax, the net payment received by the City, the NOC or the OCOG shall be reduced by an amount corresponding to such tax or, if the payment to the City, the NOC or the OCOG has already been made, the tax subsequently paid by the IOC or such third party shall be reimbursed in full to the IOC or such third party by the City, the NOC or the OCOG, as the case may be.

c) Competitors’ Performances: The City and the OCOG shall ensure that either (i) there shall not be any taxes imposed in the Host Country upon the competitors in relation to any financial or other rewards received by the competitors as a result of their performance at the Games, or (ii) should any such taxes be imposed in the Host Country, the financial or other rewards shall be increased and paid by the OCOG so that the competitors, after the applicable taxes, receive an amount that equals the amount they would have received had there been no such taxes.

d) Carrying out Olympic Functions: All persons who are temporarily in the Host Country carrying out their Olympic-related business (e.g. persons working for broadcast rights holders and other commercial partners, team doctors) shall not be required to pay any tax in the Host Country on revenues they earn in relation
to the work which they perform in relation to the Games.

e) **IOC and OCOG To Cooperate:** While the City and/or the OCOG shall bear all taxes as provided for above, the IOC agrees, where practical, to cooperate with the OCOG to help reduce any tax impact on the City and the OCOG by discussing with the OCOG the appropriate steps (including the restructuring of the contractual relationship) in order to avoid or minimize such taxes, to the fullest extent permitted by law, provided that the IOC or the third party owned and/or controlled by the IOC shall have no obligation to enter into any alternative arrangement or do any act or omit to do any act which would materially prejudice its own legal, tax, commercial or financial position.

50. **General Retention Fund, Liquidated damages, IOC’s Rights to Withhold and Set-off in the Event of non Compliance**

a) Five percent (5%) of the sums of money payable to the OCOG, in relation to the sale of all broadcasting rights and the International Programme (referred to in Paragraph (e) of Section 48 above) shall be paid into a general retention fund maintained and controlled by the IOC. The IOC shall determine the application of the general retention fund in relation to the organization of the Games and the obligations of the OCOG in respect thereof.

Without prejudice to the foregoing, and without prejudice to any other right and recourse of the IOC pursuant to this Contract or the Olympic Charter or otherwise, including the IOC’s right to claim for specific performance of the obligations and/or compensation for any damages incurred, if, due to any cause directly or indirectly attributable to the City, the NOC or the OCOG in the performance or non-performance of their obligations pursuant to this Contract, the Games do not take place in the City as contemplated herein, any and all amounts held in the general retention fund, including interest, shall be kept by the IOC as liquidated damages without further notice.

b) Without prejudice to the foregoing, and without prejudice to any other right and recourse of the IOC pursuant to this Contract or the Olympic Charter or otherwise, including the IOC’s right to claim for specific performance and actual damages incurred, in the event of any non compliance by the City, the NOC or the OCOG of any of their obligations pursuant to this Contract, the IOC is entitled to withhold amounts from any payment due or grant to be made to the OCOG including the sums of money payable to the OCOG, in relation to the sale of all broadcasting rights and the International Programme. The amounts to be thus withheld shall be determined by the IOC at its sole discretion, provided however that the overall total of all amounts thus withheld may not exceed twenty five percent (25%) of the total amount of any and all payments due or grants to be made to the OCOG including the sums of money payable to the OCOG, in relation to the sale of all broadcasting rights and the International Programme. The IOC shall be entitled to exercise its right to withhold for so long as any non compliance has not been remedied in full, through compliance or damages. The IOC shall also be entitled, at its discretion, to keep any and all amounts thus withheld as liquidated damages without further notice.

c) Without prejudice to the foregoing, and without prejudice to any other right and recourse of the IOC pursuant to this Contract or the Olympic Charter or otherwise, including the IOC’s right to claim for specific performance and actual damages incurred, and in addition to the right to withhold set out in Paragraph
(b) of Section 50 above, the IOC shall be entitled to set-off any and all of its obligations pursuant to this Contract against any claim against either or all of the City, the NOC and/or the OCOG for any damages resulting from any above mentioned non compliance.

The IOC’s right to set-off, set out above, may also be exercised against any sums held in the general retention fund set out in Paragraph (a) of Section 50 above or withheld pursuant to Paragraph (b) of Section 50 above.

d) Following the conclusion of the Games, after presentation of the final accounting by the OCOG, pursuant to Section 63 of this Contract, and the resolution of any outstanding disputes which affect the IOC, all amounts then held in the general retention fund pursuant to Paragraph (a) of Section 50 above or withheld pursuant to Paragraph (b) of Section 50 above, shall be returned to the OCOG together with such interest as the IOC shall have received in respect thereof.

51. Payments by the IOC on behalf of the National Olympic Committees

The National Olympic Committees shall not be required to pay any guarantee deposit with respect to their stay in the Olympic Village and other appropriate accommodations. If the National Olympic Committees do not meet their obligations with respect to this matter, the IOC may make the appropriate payments on behalf of the National Olympic Committees and deduct such sums from the consideration otherwise payable by the IOC Olympic Solidarity Programme to the concerned National Olympic Committees.

IX. Media Coverage of the Games

52. Broadcasting Agreements

a) All agreements relating to all forms of broadcasting of the Games, now or hereafter existing, shall be negotiated and concluded by the IOC. It is expressly understood that all decisions relating to the conduct of the negotiations and to the contents and execution of the said agreements, including all basic facilities, services and other requirements to be provided by the OCOG and/or the host broadcasting organization of the Games (the “Olympic Broadcasting Organization” or “OBO”), rest within the exclusive competence of the IOC. No statement relating to such negotiations may be made by or on behalf of the OCOG without the prior written approval of the IOC. No agreement between broadcasters and the OCOG may occur without the prior written approval of the IOC. The OCOG shall adhere to the terms and conditions of all broadcast agreements entered or to be entered into by the IOC with respect to the Games.

b) The IOC agrees to provide to the OCOG a share of the revenues from agreements relating to all forms of broadcasting of the Games, as set forth in Paragraph (a) (ii) of Section 14 above.
53. Facilities and Services for the Broadcasting of the Games

The City, the NOC and the OCOG acknowledge and accept the importance of ensuring the highest broadcast quality of the Games and the widest possible worldwide audience for the Games. The OBO shall be established in accordance with the following provisions in order to provide the venues, facilities, services and other requirements for the broadcasting of the Games, as set forth in the "Technical Manual on Media" and the "Technical Manual on Venues – Design Standards for Competition Venues", both of which form an integral part of this Contract.

a) The IOC will determine, not later than 31 March 2006, whether the OBO will be an entity controlled by the IOC or by the OCOG.

b) If the IOC determines that the OBO will be an entity controlled by the IOC, the IOC will incur certain costs and expenses in relation to the OBO, however the OCOG shall still be responsible for providing certain venues, facilities, services and other requirements as described in further detail in this Contract, including the "Technical Manual on Media", details of which will be further set out in an agreement to be entered into between the IOC, the OBO and the OCOG. The IOC shall establish a budget detailing the expenses to be incurred by the OBO and the IOC with respect to the broadcasting of the Games. It is the OCOG’s obligation to fully cooperate with the OBO in accordance with the instructions of the IOC.

c) If the IOC determines that the OBO will be an entity controlled by the OCOG, the OCOG shall be responsible, at its expense, to provide the venues, facilities, services and other requirements as described in further detail in this Contract. The OBO shall be appointed and operational not later than sixteen months after the formation of the OCOG.

d) All such above-mentioned venues, facilities, services and other requirements for the broadcasters for their use, as well as the general infrastructure, shall be provided free of charge by the OCOG unless expressly specified otherwise in the "Technical Manual on Media". In the latter case, the prices shall be set out in a rate card, subject to the prior written approval of the IOC, as stated in further detail in Section 59 below.

e) The IOC reserves the right to choose suppliers to cover one or more areas of the services necessary for the broadcasters at the Games. The OCOG must work with these suppliers to define, develop, implement, test and operate the appropriate solutions. The OCOG must fulfil its obligations pursuant to the clauses included in the contracts between the IOC and these suppliers and shall enter into appropriate contracts with such suppliers, as may be required by the IOC, in accordance with the IOC’s on-going and global strategy.

f) All contracts between the OCOG and the OBO or between the OCOG and/or the OBO and/or telecommunication company(ies) and/or any broadcasting organization, concerning any services or facilities which involve costs to be paid by the media, which are not fully addressed by the above-mentioned rate card, shall be submitted to the IOC for its prior written approval.

g) All international broadcast signals (including sound and/or picture) as well as all
other material and data related to the Games produced or distributed by, or on behalf of, the OBO shall be copyrighted in the name of the IOC and copyright notices shall be inserted as may be required by the IOC but shall, at a minimum, be prominently shown at the beginning and end of each session of the daily coverage of each sport, together with such other notices as the IOC may require. The results service, to be produced by the OCOG, in a format to be determined by the IOC, shall be copyrighted by the OCOG in the name of the IOC and, subject to any terms and conditions required by the IOC, shall be available for transmission through the OBO to the international broadcasters authorized by the IOC, at the OCOG’s cost.

h) A complete copy of the international broadcast signals (including sound and/or picture) as well as, if produced by the OBO, a copy of the clean feed of such signals, of professional quality and in such technical formats as may be requested by the IOC, accompanied by full and complete computerized time-coded logs, shall be delivered by the OBO to the IOC, free of charge, not later than one month after the conclusion of the Games. The OBO shall provide to the IOC, free of charge, on a daily basis during the Games, a copy of the daily highlight summary tapes (to the extent such highlight summary tapes are produced by the OBO) in a professional quality and in such technical format as may be requested by the IOC.

54. Press Facilities and Services

a) The OCOG shall make available, at its expense, the venues, facilities, services and other requirements for the written and photographic press at the Games, as set forth in the “Technical Manual on Media” and the “Technical Manual on Venues – Design Standards for Competition Venues”, both of which form an integral part of this Contract.

b) All such facilities, services and other requirements for the written and photographic press for their use shall be provided free of charge by the OCOG unless expressly specified otherwise in the “Technical Manual on Media”. In the latter case, the prices shall be set out in a rate card, subject to the prior written approval of the IOC, as stated in further detail in Section 59 below.

c) The results service, in a format to be determined by the IOC, shall be copyrighted in the name of the IOC and, subject to any terms and conditions required by the IOC, including the cost, if any, which may be charged by the OCOG, shall be available for transmission from the OCOG to the international agencies recognized by the IOC. Such service shall, subject to any terms and conditions required by the IOC, also be made available to accredited media, the IFs, the National Olympic Committees and other persons designated by the IOC.

d) The IOC reserves the right to choose suppliers to cover one or more areas of the services necessary for the written and photographic press at the Games. The OCOG must work with these suppliers to define, develop, implement, test and operate the appropriate solutions. The OCOG must fulfil its obligations pursuant to the clauses included in the contracts between the IOC and these suppliers and shall enter into appropriate contracts with such suppliers, as may be required by the IOC, in accordance with the IOC’s on-going and global strategy.
55. Internet

All Internet agreements relating to the Games including, without limitation, those related to e-commerce, on-line ticket sales, on-line merchandising, the establishment of any website or other interactive media service and/or the distribution of Games-related media content via any digital media platform, network or service, shall be negotiated and concluded exclusively by the IOC. Without limiting the generality of the foregoing, the IOC may, at its sole discretion, agree that the OCOG have its own Internet website subject to the IOC and the OCOG mutually agreeing upon the content of such website and the sharing of the revenues deriving there from. For the sake of clarity, should any rights be granted with respect to the broadcast of the Games over the Internet, the consideration generated there from shall be shared between the IOC and the OCOG in the same manner as set forth in Paragraph (a) (ii) of Section 14 above. Further details regarding this matter are contained in the "Technical Manual on Communications", which forms an integral part of this Contract.

56. All Other Forms of Media or Communication

The right to enter into any other agreements, relating to the Games, with respect to all other forms of media, communication and exhibition, including, without limitation, multi-media, interactive, or any other form, now or hereafter existing, shall belong exclusively to the IOC. Further details regarding this matter are contained in the "Technical Manual on Communications", which forms an integral part of this Contract.

X. Other Obligations

57. Insurance

The OCOG shall secure and maintain, well in advance of the Opening Ceremony of the Games and for a reasonable time after the closing Ceremony, at its expense, adequate insurance coverage in respect of all risks associated with the planning, organizing and staging of the Games. Furthermore, if the OCOG plans to acquire cancellation insurance in relation to the Games, the OCOG shall give the IOC the option to include the OCOG in the IOC’s insurance programme. Further details regarding insurance of the Games are contained in the Provisions Regarding Insurance contained in the "Technical Manual on Other Olympic Games Matters", which forms an integral part of this Contract.

58. Betting

The OCOG shall take all possible steps to prevent any form of betting on Olympic events.
59. Rate Card Prices

The prices contained in the rate cards referred to in Paragraph (d) of Section 53 and Paragraph (b) of Section 54 above shall, because of the importance of the worldwide coverage of the Games, be kept as low as reasonably possible. Similarly, the rate card prices for the services and facilities made available to the IFs, the National Olympic Committees, other members of the Olympic Family and sponsors/suppliers shall be kept as low as reasonably possible. All rate card prices, including related terms and conditions, shall be subject to the prior written approval of the IOC.

The Paralympic Games shall be organized in accordance with the provisions contained in the "Technical Manual on Paralympic Games", which forms an integral part of this Contract and which includes the agreement signed between the IOC and the International Paralympic Committee ("IPC"). The services provided to the participants in the Paralympic Games should be based upon similar principles to those applicable to the Games. The planning of the Paralympic Games should be integrated by the OCOG from the early planning stage of the Games. The OCOG shall pay to the IPC a lump sum of ten million United States dollars (US $10,000,000) in return for any and all broadcasting and marketing rights related to such Paralympic Games, including without limitation the right to receive the proceeds from the sale of admission tickets. The legal validity and effectiveness of all broadcasting and marketing agreements entered into by the OCOG with respect to the Paralympic Games shall be subject to the prior written approval of the IOC.

61. Technology

Technology covers, among other things, information systems and networks (hardware and software), Internet and similar technology, telephony and telecommunications, cabling, timekeeping, scoring, measuring and display systems, PA systems, photocopiers and fax machines, photographic equipment and developing laboratories and televisions and similar items now or hereafter existing.

The IOC may require that the OCOG make certain information available, within a specified period of time, to certain groups of people determined by the IOC.

The IOC reserves all commercial rights relating to the area of technology. The OCOG may not choose suppliers in the field of technology without the prior written approval of the IOC, which must also approve the clauses of contracts with such suppliers before these are signed. The OCOG shall ensure that such contracts contain clauses which require the suppliers to regularly update the IOC regarding the progress of the delivery of the services and/or products provided thereunder.

The IOC reserves the right to choose suppliers to cover one or more areas of technology necessary to the preparation and smooth running of the Games. The OCOG must work with these suppliers to define, develop, implement, test and operate the appropriate solutions. The OCOG must fulfil its obligations pursuant to the clauses included in the contracts between the IOC and these suppliers and shall enter into appropriate contracts with such suppliers, as may be required by the IOC, in accordance with the IOC on-going and global strategy.
The IOC recognizes the importance of the Internet in the organization of the Games. The IOC reserves all rights in relation to the Internet and other similar technology. These rights include not only the commercialization, but also the content and choice of technical solutions and their implementation. The OCOG must obtain the prior written approval of the IOC before taking any decisions regarding this area.

The OCOG will be responsible for paying all technology-related costs.

The OCOG shall provide, to a reasonable number of technology experts working for the IOC, and to Organizing Committees for Olympic Games subsequent to the Games and their technology suppliers, accreditations allowing free access to all locations where Games-related technology will be provided and operated.

62. Olympic Results and Information Services

The OCOG shall provide information technology, in accordance with the standards contemplated in the Olympic Results and Information Services ("ORIS") project, a copy of which has been provided by the IOC to the City and which forms an integral part of this Contract. The ORIS project shall be updated to include the new requirements of the Olympic Games, International Federations, other members of the Olympic Family and technology development. The OCOG shall pay part of the costs of updating the ORIS project in accordance with the rules established by the IOC.

63. OCOG Reports and Responsibilities to the IOC upon Conclusion of the Games

Upon the conclusion of the Games, the OCOG shall produce and distribute various reports and publications, including the official report referred to in the Olympic Charter, in accordance with the directions of the IOC. The OCOG shall also participate in post-Games activities, such as the official debriefings, which are referenced in Section 27 above. Further details regarding the OCOG reports and responsibilities are contained in the "Technical Manual on Planning, Coordination and Management of the Olympic Games", which forms an integral part of this Contract. Prior to completion of the liquidation of the OCOG in accordance with the provisions of the Olympic Charter, the OCOG shall also prepare and submit to the IOC a final report, in English and in French, on its operations in relation to such liquidation, including audited financial statements.

XI. Termination

64. Termination of Contract

a) The IOC shall be entitled to terminate this Contract and to withdraw the Games from the City if:

i) the Host Country is at any time, whether before the Opening Ceremony or during the Games, in a state of war, civil disorder, boycott, embargo decreed by the international community or in a situation officially recognized as one of belligerence or if the IOC has reasonable grounds to believe that the safety of participants in the Games would be seriously threatened or jeopardized;

iii) the Games are not celebrated during the year 2012; or

iv) there is a violation by the City, the NOC or the OCOG of any material obligation pursuant to this Contract, the Olympic Charter or the applicable law.

b) Should the IOC intend to terminate this Contract and withdraw the Games, it shall (provided there is no need for urgent action, as determined by the IOC) proceed as follows:

i) if the IOC determines that a contingency set forth in Paragraph (a) of Section 64 above has occurred or is occurring, it shall be entitled to put the City, the NOC and the OCOG, jointly and/or severally, on notice, by registered mail, telefax (with confirmation copy sent by registered mail) or special courier with acknowledgement of receipt, and to call upon any or all of such parties to remedy or cause to be remedied the contingency(ies) specified by the IOC within sixty (60) days of the date of such notice provided, however, that if, on the day on which such notice is sent by the IOC, the period remaining until the date of the Opening Ceremony of the Games is less than one hundred and twenty (120) days, the above-mentioned sixty (60) day deadline shall be reduced to one half of the number of days running from the date on which such notice is sent until the date of the Opening Ceremony; and

ii) if, following a notice served in accordance with Paragraph (b)(i) above, the contingency(ies) ascertained by the IOC has or have not been remedied to the reasonable satisfaction of the IOC within the deadline set forth in the said Paragraph (b)(i), the IOC shall then be entitled, without further notice, to withdraw immediately the organization of the Games from the City, the NOC and the OCOG and to terminate this Contract with immediate effect, without prejudice to the IOC's right to claim any and all damages.

In case of withdrawal of the Games by the IOC, or termination of this Contract by the IOC for any reason whatsoever, the City, the NOC and the OCOG hereby waive any claim and right to any form of indemnity, damages or other compensation and hereby undertake to indemnify and hold harmless the IOC, its officers, members, directors, employees, consultants, agents and other representatives, from any third party claims, actions or judgements in respect of such withdrawal or termination. 72. Governing Law and Resolution of Disputes; Waiver of Immunity

This Contract is governed by Swiss law. Any dispute concerning its validity, interpretation or performance shall be determined conclusively by arbitration, to the exclusion of the ordinary courts of Switzerland or of the Host Country, and be decided by the Court of Arbitration for Sport in accordance with the Code of Sports-Related Arbitration of the said Court. The arbitration shall take place in Lausanne, in the Canton of Vaud, Switzerland. If, for any reason, the Court of Arbitration for Sport denies its competence, the dispute shall then be determined conclusively by the ordinary courts in Lausanne, Switzerland. The City, the NOC and the OCOG hereby expressly waive the application of any legal provision under which they may claim immunity against any lawsuit, arbitration or other legal action (i) initiated by the IOC, (ii) initiated by a third party against the IOC, particularly as per Section 9 above, or (iii) initiated in relation to the commitments undertaken by the Government and its regional and local authorities as reflected in Section 5 above. Such waiver shall apply not only to the jurisdiction but also to the recognition and enforcement of any judgment, decision or arbitral award.

The City and the NOC agree that such actions and any other notices shall be validly served if they are addressed to the OCOG.

73. Languages

All information and documentation produced in relation to the planning, organizing and staging of the Games (e.g. publications, signage) shall be in English and French, the official languages of the IOC, unless expressly provided otherwise in writing by the IOC. The OCOG shall submit to the IOC its translation policy, to be applicable during the period of the Games, not later than one year prior to the Opening Ceremony of the Games.

All information and documentation submitted to the IOC pursuant to this Contract, shall be submitted in English and French.
